NEW PHONE 1176

Chicago, Ill. June 8 .- An "unfin- | no Chicago as "the true God of science and the higher criticism." This was expounded by Professor George B. Poster, head of the department of the hilosophy of religion at the Midway

the university students, who were resent in great numbers, as well as o many of the delegates, from whom elicited prolonged applause. But F. Aldrich, of Aurora, and Rev. W. H. Speece, of the African Methodist Epis-

"The reason why scientific criticism G regards God as unfinished, or 'a be- dr coming," said Professor Foster, "is because if God is simply goodness plus goodness, plus goodness ad infinitum. He has an existence so tame and monotonous that it must be wearisome even to Deity. Every known law of the universe typifies change, which is

to the human voice lurks in its cylinders and funnels. It is taking the musical initiative from the people. By and by the human songster will be extinct. The banjo and guitar and mayhap the piano will live only in historic phonographic records. Only the talking machine and the hurdy-gurdy wall remain. This was the warning and prophecy utered today by John Philip Sousa before the congressional joint ommittee on printing. The noted andmaster appeared primarily to rgue in favor of the provision in the pyright bill which prohibits the reoduction of copyrighted musical

"Where Extremes Meet"-A Marvelous Contrast in Temperatures

HEAT 3500° In Con. COLD 312° ABOVE ZERO tact with BELOW ZERO

Burning with brilliancy of an electric light carbon, in a tumbler formed of ice, containing Liquid Air. The latter consumes the carbon, and at the same time prevents the intense heat from melting the ice receptacle. A rubber ball is immersed, and being thrown to the floor, breaks into scores of fragments.

Accompanied by EXPERIMENTS An Interesting RADIUM LECTURE

There's The truth about this remarkable discovery, as understood by prominent scien-Tists. A presentation so clear as to be readily understood by all. RADIUM, of 1,000,000 INTENSITY (extremely powerful), is guaranteed-to be shown and used for experiments by
